

# Keeping your compounding operation:

Viable  
Secure  
Competent  
Compliant  
Efficient

SO YOU CAN THRIVE

Alliance for  
Pharmacy  
Compounding

**APC PHARMACY/  
FACILITY MEMBERSHIP**

A4PC.ORG

## The threats to your pharmacy are real.

**Make no mistake — your compounding business has never faced more difficult, more existential challenges:**

- Overweening regulators intent on marginalizing your ability to compound from pure ingredients.
- Soaring compliance costs brought on by ever more regulation.
- Recruiting, training, and retaining high-performing staff.
- Maintaining effective, efficient operations.
- Expanding the market for your products and services.

### **THERE'S A LOT ON YOUR PLATE. BUT YOU'RE NOT ALONE – OR RATHER, YOU DON'T HAVE TO BE.**

As an APC Pharmacy-Facility Member, you can be united with hundreds of other compounding pharmacies and outsourcing facilities. You make pharmacy compounding's voice louder and more effective – plus, together, we can confront and manage the challenges you face more effectively than you can alone.

There is no denying it, the pressures on our industry are growing. Never before has your membership in the Alliance for Pharmacy Compounding been more important. And now, with APC's new Pharmacy-Facility Membership, every one of your employees will be an APC member, magnifying our voice, now, when it matters most of all.

---

### **YOUR PHARMACY/FACILITY MEMBERSHIP IN APC IS A BUSINESS PRESERVATION STRATEGY:**

#### **You are investing in APC's advocacy work.**

You fuel (and benefit from) APC's federal and state advocacy efforts. On your behalf, we work to influence Congress, FDA, USP, state legislatures, boards of pharmacy, and more.

#### **When you invest in APC, you invest in your team.**

You and your staff gain access to our deep well of business tools, information services, continuing education and training that keeps everyone growing and practicing with integrity and at the top of their game — and all of it is included with your dues.

# Join today. Invest in your team. Invest in your future.

Our Pharmacy/Facility Membership makes it easier and more cost effective for your entire team to join APC - and the greater our numbers, the stronger our voice.

## **BENEFITS UNIQUE TO OUR NEW PHARMACY/FACILITY MEMBERSHIP:**

- One dues payment and all of your team are members of APC. Dues are tiered based on the number of pharmacists and technicians on your team; All employees whose names are submitted to APC receive full membership benefits, including voting rights.
- Free access to the APC Compounding Cost-Charge Resource, a valuable operational management tool.
- An annual copy of NABP's State Survey of Pharmacy Law, a state-by-state, topical compendium of pharmacy law and regulation. (A \$195 value).
- Enrollment in The Alliance for Patient Medication Safety (APMS) program, which helps community pharmacies implement and maintain continuous quality improvement programs to comply with state and federal requirements, improve patient care, and mitigate risk. (\$300 value).
- One trial subscription to The Pharmacist's Letter and The Technician's Letter.
- \$1000 discount on PCAB accreditation from ACHC — the gold standard in compounding pharmacy accreditations.
- All locations listed in APC's Compounding Pharmacy Locator. This benefit is available only Pharmacy/Facility Members.
- Free one-hour consultation annually plus a reduced hourly rate with attorneys at Bendin, Sumrall & Ladner, a law firm specializing in compounding law and compliance.
- Weekly summary of proposed compounding legislation and regulation in the states, delivered electronically each Friday.
- Free access to APC archived training webinars for your team (No CE credit).
- Special business relationships at preferred pricing available only to APC Pharmacy/Facility Members.

## **MAKE IT EASY. MAKE IT SIMPLE.**

The Pharmacy/Facility Membership is our way of simplifying your participation in APC while giving your team access to all of the benefits that membership offers. For one annual payment. And no more accounting headaches, no more reimbursing employees.
